talking about you...*

EXCELLENT CUSTOMER SERVICE

**Joy Ranney, ECSE Teacher,
Melrose-Mindoro School**

I have never been associated with a company that answers my questions so promptly, without several phone calls on my part, then proceeds to solve the problem on their own. I have been very pleased with the excellent service we receive from the WCA Group Health Trust and feel that all of you go above and beyond our expectations. You have also been so very courteous on the phone and through your e-mails.

*I am so glad we made the switch to your company.
A very satisfied client.*
