The County Mutual BRB Program is provided as a service to County Mutual members under the Pre-Claim Loss Control feature of their insurance policy. Others that are not County Mutual members are offered the opportunity to participate in the program. The County Mutual, Wisconsin Counties Association and attorneys involved in the program believe that collaboration and cooperation is the key to success in the post-BRB environment. If you have additional ideas for collaboration or cooperation that are not on the agenda, please feel free to bring the idea to the group.
